## FEATURED APPRENTICESHIP OF THE WEEK

Title: APPRENTICE ASSISTANT SCIENTIST

Company: WESSEX WATER

Location: BRISTOL

Weekly wage: £153.85

Reference: 805963

Closing date: 22 JUNE 2016

Description:

Wessex Water operate a scientific centre to utilise world class technologies and equipment to analyse water and environmental samples. They are looking for two apprentices to join the team as Apprentice Assistant Scientists to train while working across the microbiology, chemistry and organic chemistry teams. The laboratory at Salford carries out analysis on samples from around the region. At the end of your apprenticeship, there may also be the possibility of a career within the laboratory progressing to scientist grade.
